REQUEST FOR PROPOSAL

COURTROOM AUTOMATION AUDIO/VISUAL SYSTEMS

REQUEST FOR PROPOSAL – 08-001

WRITTEN PROPOSALS DUE BY

FRIDAY, AUGUST 31, 2007, 5:00 PM

The Superior Court of California, County of San Mateo is inviting Proposals for providing and installing audio/video equipment in designated courtrooms to facilitate litigation support automation systems that will be installed in the courtrooms. The following is a description of the scope of work, contractor selection process and proposed terms of the project. Contractor's submission of a Proposal for this project will be considered contractor's agreement to comply with the terms and conditions as stated herein.

I. INTRODUCTION – SUMMARY OF THE PROJECT

1.1 Issuing Body

The Superior Court of California, County of San Mateo ("Court") is issuing this Request for Proposal ("RFP") to provide the Court with competitive Proposals for providing materials and installing audio and visual equipment to support courtroom technology systems that will be installed in designated courtrooms.

1.2 Project Background

The Superior Court of California, County of San Mateo (hereinafter referred to as "Court") is a trial court that has five court facilities in San Mateo County. The Court has instituted a Complex Litigation Program where cases designated by the court as being complex are assigned to specific court departments who are responsible for administering and adjudicating those types of cases through the life of the case due to their complexity. Complex litigation, by its nature, involves numerous parties and attorneys, and volumes of records and exhibits. Courtrooms in which proceedings for these cases are held must be able to accommodate the parties and have the technology to facilitate presenting the case. This creates technical challenges to the court to provide the necessary equipment and technology to facilitate the parties presenting their case to the court and potential jury.

1.3 Project Overview

The Court is requesting proposals from highly qualified contractors with expertise to provide and install audio/video equipment in the designated courtrooms as determined by the Court that will result in the Court awarding a contract to and entering into an Agreement with a vendor for the equipment and services. While the initial stage of the project is to procure equipment for and installation of the equipment at only two courtrooms at the Court's Central Division facility located in San Mateo, California, the Court intends to replicate the systems in other courtrooms at other court facilities over the next couple of years.

The Court intends to award a contract to a contractor that is able to provide the highest quality equipment and expert installation of the equipment that will meet the Court's needs as further described in Section IV of this RFP. However, the Court reserves the right to reject any or all Proposals, in whole or in part, submitted in response to this RFP. The Court further reserves the right to make no award and to modify or cancel, in whole or in part, this RFP.

2.3 Contact with Court.

Vendors are specifically directed NOT to contact any Court personnel or consultants for meetings, conferences, or discussions that are specifically related to this RFP at any time prior to any award of a contract. Unauthorized contact with any Court personnel or consultants may be cause for rejection of the vendor's response.

2.4 Disposition of Material and Confidential or Proprietary Information

All materials submitted in response to the solicitation document will become the property of the Court and will be returned only at the Court's option and at the expense of the contractor submitting the proposal. One copy of a submitted proposal will be retained for official files and become a public record. **Any material that a contractor considers as confidential but does not meet the disclosure exemption requirements of the California Public Records Act should not be included in the contractor's proposal as it may be made available to the public.**

Although the Public Records Act (PRA) does not apply to the Court, the court's policy is to look to the PRA for guidance in responding to request for documents. If a vendor's proposal contains material noted or marked as confidential and/or proprietary that, in the Court's sole opinion, meets the disclosure exemption requirements of the PRA, then that information will not be disclosed

pursuant to a written request for public documents. If the Court does not consider such material to be exempt from disclosure under the PRA, the material may be made available to the public, regardless of the notation or markings. If a vendor is unsure if its confidential and/or proprietary material meets the disclosure exemption requirements of the PRA, then it should not include such information in its proposal because such information may be disclosed to the public.

2.5 Proposal Preparation Costs. Contractors submitting proposals do so entirely at their expense. There is no express or implied obligation by the Court to reimburse a contractor for any costs incurred in preparing or submitting proposals, providing additional information when requested by the Court, participating in any selection interviews or product demonstrations, or participating in this procurement.

2.6 Mandatory Pre-proposal Conference

A pre-proposal conference to answer questions related to this RFP and to tour the sites where the work will be performed will be held on the date and at the time specified in Section 2.1. The location of the pre-proposal conference is stated below:

Central District Court Facility – Meet in main lobby (immediately inside of security station).
800 North Humboldt
San Mateo, CA

[Other locations may be added to the tour. Advance notice will be posted and notice given prior to the tour]

The pre-proposal conference is mandatory. Prospective contractors are required to attend in order to better understand the proposal requirements and to view the site where the work will be performed. In the event a potential proposer is unable to attend the pre-proposal conference, an authorized representative may attend on their behalf. A representative may only sign in for one contractor. Proposals from contractors who did not attend the pre-proposal conference will not be accepted and will be returned unopened. A Contractor who intends on attending the pre-proposal conference is required to send a notice of intent to attend to Tim Benton at tbenton@sanmateocourt.org prior to the scheduled meeting date as indicated in section 2.1.

2.7 Pre-Submittal Process

2.6.1 Request for Clarifications or Modifications. Any requests for clarifications or modifications of the proposed general terms, the project specifications, or General Conditions of the proposed contract (Exhibit C) must be submitted to the Submittal contact listed in Section 2.2 no later than the date specified in the schedule. Questions or requests submitted after the due date will not be answered.

Without disclosing the source of the question or request, the Project Manager will provide a copy of the questions to potential proposers or, if appropriate, post a copy of the questions and the Court's responses on the Court website. All inquires and responses will be shared with all prospective contractors.

2.6.2 Ambiguity, Discrepancies, Omissions.

If a vendor submitting a proposal discovers any ambiguity, conflict, discrepancy, omission, or other error in this solicitation document, the vendor shall immediately provide the Submittal Contact listed in Section 2.2 written notice of the problem and request that the solicitation document be clarified or modified. Without disclosing the source of the request, the Court may modify the solicitation document prior to the date fixed for submission of proposals by

providing an addendum to potential proposers or, if identified in Section 2.2, by posting the addendum on the Court website.

If prior to the date fixed for submission of proposals a vendor submitting a proposal knows of or should have known of an error in the solicitation document but fails to notify the Court of the error, the vendor shall propose at its own risk, and if the vendor is awarded the contract, the vendor shall not be entitled to additional compensation or time by reason of the error or its later correction.

2.8 Minimum Qualifications

To be considered for full evaluation and possible award, proposers must first meet the threshold minimum qualification requirements listed in the following table (minimum requirements can be met by combining experience, expertise, and resources of contractor and any proposed subcontractors):

No.	Minimum Qualifications
1	Contractor must have all required licenses and permits to install the equipment as stated in the proposal and all work that will be performed under the contract.
2	Contractor must have all necessary insurance coverage as stated in the sample Agreement.
3	Neither contractor nor any of its proposed subcontractors are currently under suspension or debarment by any state or federal government agency and neither contractor nor any of its proposed subcontractors are tax delinquent with the State of California or Federal Government (reference <u>Attachment C</u> , Contractor Certification Form).

The contractor must state specifically in its Executive Summary (see Section 3.1) how it will comply with each minimum qualification specified above. Subject to the Court's right in its complete discretion to waive minor deviations or defects, only those proposals that meet all of the foregoing minimum qualifications shall be considered for a full evaluation and a possible contract award.

Contractors who fail to meet any of the listed minimum qualifications will be notified in writing, and will have three (3) business days from receipt of such notification to file proof that all such qualifications are met.

2.9 Submission of Proposals.

2.9.1 Proposal Delivery

The following must be received no later than the Proposal Due Date and time specified in Section 2.1 (the "Proposal Closing Time") at the address listed in Section 2.2 for the Submittal Contact:

- One unbound original of the technical and of the cost proposal;
- 3 bound hard copies of both the technical and the cost proposals;
- one electronic copy of the technical proposal in MS Document or PDF format, and one electronic formatted copy of the cost proposal in Excel.

All proposals must be submitted in double envelopes that are sealed. The inner envelope, not the outside addressed envelope, must be clearly marked with the RFP Number, Project Title, the Proposal Due Date, and the proposer's name.

Proposals received prior to the Proposal Closing Time that are marked properly will be securely kept, unopened until the Proposal Closing Time. Late proposals will not be considered. All proposals must be delivered via U.S. Mail, common carrier, or hand delivery. A receipt should be requested for hand delivered material.

The proposer is solely responsible for ensuring that the full proposal is received by the Court in accordance with the solicitation requirements, prior to the date and time specified in the solicitation, and at the place specified. The Court shall not be responsible for any delays in mail or by common carriers or by transmission errors or delays or missed delivery.

2.9.2 . Amendment or Withdrawal of Proposals.

A vendor may amend its proposal prior to the Proposal Closing Time. All amendments must be in writing and received by the Court prior to the Proposal Closing Time.

A vendor may withdraw its proposal at any time prior to the Proposal Closing Time by notifying the Submittal Contact listed in Section 2.1.1 in writing of its withdrawal. Amendments or withdrawals offered in any other manner, than described above will not be considered. Proposals cannot be amended or withdrawn after the Proposal Closing Time.

2.9.3 Mistake in Proposal. If prior to a contract award, a proposer discovers a mistake in their proposal that renders the proposer unwilling to perform under any resulting contract, the proposer must immediately notify the Submittal Contact listed in Section 2.2 in writing and request to withdraw the proposal. It shall be solely within the Court's discretion as to whether withdrawal will be permitted.

2.9.4 Error in Submitted Proposals. If an error is discovered in a contractor's proposal, the Court may at its sole option retain the proposal and allow the proposer to submit certain arithmetic corrections. The Court may, at its sole option, allow the proposer to correct obvious clerical errors. If the proposer's intent is clearly established based on review of the complete proposal submitted, the Court may, at its sole option, allow the proposer to correct an error based on that established intent.

2.9.5 Authorized Signatures, Validity Period of Proposals. Proposals must include the contractor name, address, telephone and facsimile numbers, and federal tax identification number. The proposal must be signed by a duly authorized officer or employee of the contractor and include the name, title, address, and telephone number of the individual who is the proposer's designated representative.

Proposals will be valid for ninety (90) days after the Proposal Due Date specified in Section 2.1 ("Proposal Validity Date"). In the event a final contract has not been awarded by the date specified in Section 2.1, the Court reserves the right to negotiate extensions to the Proposal Validity Date.

2.9.6 Knowledge of Requirements

The vendor shall carefully review all documents referenced and made a part of the solicitation document to ensure that all information required to properly respond has been submitted or made available and all requirements are priced in the proposal. Failure to

examine any document, drawing, specification, or instruction will be at the proposer's sole risk.

Proposers shall be responsible for knowledge of all items and conditions contained in their proposals and in this RFP, including any Court issued clarifications, modifications, amendments, or addenda. The Court will provide notice to perspective proposers or, if identified in Section 2.1, post addenda and clarifications to the Court website; however, it is the proposer's responsibility to ascertain that the proposal includes all addenda issued prior to the Proposal Due Date.

2.9.7 Independence of Proposal and Joint Proposals

Unless a proposer is submitting a joint proposal, the proposer represents and warrants that by submitting its proposal it did not conspire with any other vendor to set prices in violation of anti-trust laws.

A proposal submitted by two or more vendors participating jointly in one proposal may be submitted, but one vendor must be identified as the prime contractor and the other as the subcontractor. The Court assumes no responsibility or obligation for the division of orders or purchases among joint subcontractors.

2.9.8 Covenant Against Gratuities

Proposer warrants by signing its proposal that no gratuities, in the form of entertainment, gifts, or otherwise, were offered by the proposer or any agent, director, or representative of the proposer, to any officer, official, agent, or employee of any Court with a view toward securing award of or securing favorable treatment with respect to any determinations concerning the performance of any resulting contract. For breach or violation of this warranty, the Court will have the right to terminate any resulting contract in whole or in part. The right and remedies of the Court provided in this provision shall not be exclusive and are in addition to any other rights and remedies provided by law or under the resulting contract.

2.10 Overview of Evaluation Process

2.10.1 Evaluation Committee

The Court will conduct a comprehensive, fair, and impartial evaluation of proposals received in response to this RFP. All proposals received from vendors will be reviewed and evaluated by a committee of qualified personnel ("Evaluation Committee"). The name, units, or experience of the individual members will not be made available to any vendor. The Evaluation Committee will first review and screen all proposals submitted, except for the cost proposals, according to the minimum qualifications set forth in Section 2.8.

Vendors satisfying the minimum qualifications will then be evaluated in accordance with the evaluation criteria set forth in Section 2.11. The Evaluation Committee will first review and complete the evaluation of the technical proposals, without the cost proposal. Thereafter, the cost proposals will be opened, reviewed, and evaluated to determine an overall evaluation score.

2.10.2 Reservation of Rights

The Court, in its complete discretion, may eliminate proposals that have not meet the minimum qualifications of Section 2.8, or have not scored adequately in relation to other proposals to warrant further consideration. The Court reserves the right to reject any or all

proposals, in whole or in part, and may or may not waive any immaterial deviation or defect in a proposal.

The Court's waiver of an immaterial deviation or defect shall in no way modify the solicitation document or excuse a vendor from full compliance with solicitation document specifications.

If a proposal fails to meet a material solicitation document requirement, the proposal may be rejected. A deviation is material to the extent that a response is not in substantial accord with the requirements of the solicitation document. Material deviations cannot be waived.

Unless otherwise specified in the solicitation, the Court may accept any item or combination of items as specified in the solicitation, of any proposal unless the proposer expressly restricts an item or combination of items in its proposal and conditions its response on receiving all items for which it provided a proposal. In the event that the proposer so restricts its proposal, the Court may consider the proposer's restriction and evaluate whether the award on such basis will result in the best value to the Court or may determine in its sole discretion that such restriction is non-responsive and renders the proposer ineligible for further evaluation.

The Court reserves the right to negotiate with proposers who have presented, in the opinion of the Evaluation Committee, the best proposal in an attempt to reach an contract. If no contract is reached, the Court can negotiate with other proposers or make no award under this RFP. At any time the Evaluation Committee can reject all proposals and make no award under this RFP. Moreover, the Court reserves the right to reconsider any proposal submitted at any phase of the procurement. It also reserves the right to meet with vendors to gather additional information.

Proposals that contain false or misleading statements may be rejected if in the Court's opinion the information was intended to mislead the Court regarding a requirement of the solicitation document.

2.10.3 Requests for Additional Information

The Court reserves the right to seek clarification or additional information from any proposer throughout the solicitation process. The Court may require a proposer's representative to answer questions during the evaluation process with regard to the vendor's proposal. Failure of a proposer to demonstrate that the claims made in its proposal are in fact true may be sufficient cause for deeming a proposal non-responsive.

2.10.4 Brand Names

Any reference to brand names and/or numbers in the solicitation is intended to be descriptive, but not restrictive, unless otherwise specified. Proposals offering equivalent items meeting the standards of quality specified may be considered, unless otherwise specified, providing the proposal clearly describes the article offered and how it differs from the referenced brand. Unless a proposer specifies otherwise, it is understood that the proposer is offering a referenced brand item as specified in the solicitation. The Court reserves the right to determine whether a substitute offer is equivalent to and meets the standards of quality indicated by the brand name references, and the Court may require the supply of additional descriptive material and a sample.

2.11 Evaluation Criteria. Proposals will be evaluated to determine the proposal or proposals that offers the best value to the Court. The Court's consideration of the proposals shall include, but not limited to: cost/pricing factors, reasonableness of cost projections, Contractor's experience, equipment proposed, implementation plan, ability to meet timing requirements to complete the project, timeliness of delivery, and references.

2.12 Interview and Negotiations.

2.12.1 Interviews

Following the initial screening of proposals, the Court reserves the right to require, and each proposer must be prepared to conduct, oral presentations and other discussions (written or verbal) on the content of its proposal. If the Court determines that interviews or presentations are required, selected proposers will be notified in writing of the date, place, time and format of the interview or presentation. Proposers will be responsible for all costs related to the interview, which, at the Court's sole discretion, may be in-person and/or by teleconference. Failure to participate in such interviews or presentations shall result in a proposer's disqualification from further consideration.

2.12.2 Negotiations

If the Court desires to enter into negotiations, they will do so with one or more proposers, at their discretion. If the Court enters into negotiations and no contract is reached, the Court can negotiate with the other proposers or make no award under this RFP. The Court reserves the right to award a contract, if any, without negotiations.

2.13 Payment. Payment terms will be in accordance with the invoice provisions of section 4.3. **THE COURT DOES NOT MAKE ANY ADVANCE PAYMENT FOR GOODS OR SERVICES.**

2.14 News Releases. A contractor may not make news releases pertaining to the award of any contract resulting from this solicitation without the prior written approval of the Court Executive Officer or designee.

2.15 Award of Contract. Upon award of the contract, the successful contractor will be required to execute a Contract in accordance with the Statement of Work in Section IV and the General Conditions in Section V, and provide a certificate of insurance in conformance with the requirements set forth in the General Conditions at time of signing of the Contract. The period for execution of the Contract may be changed by mutual contract of the parties. Contracts are not effective until signed by both parties.

2.16 Protest Procedures.

2.16.1 Protests to the award of the contract to the Contractor selected by the Court must be presented in writing and filed with the individual listed in the Submission of Proposal section of this RFB. In no event shall a protest be considered if the parties have executed the contract. The contractor who files the protest must have complied with sections 2.16.1 through 2.16.3.

2.16.2 A contractor submitting a proposal may protest the award based on allegations of improprieties occurring during the proposal evaluation or award period if it meets all of the following conditions:

- a. The **contractor** has submitted a proposal that it believes to be responsive to the solicitation document.
- b. The **contractor** believes that its proposal meets the administrative and technical requirements of the solicitation, proposes items and/or services of proven quality and performance, and offers a competitive cost; and
- c. The **contractor** believes that the Court has incorrectly selected another **contractor** submitting a proposal for an award.

2.16.3 Such protests must be received no later than five (5) business days after the protesting party receives a no-award notification.

2.16.4 Form of Protest. A contractor who is qualified to protest should submit the protest to the individual listed in the Submission of Proposal section of this RFP who will forward the matter to the appropriate Contracting Officer.

- a. The protest must be in writing and sent by certified or registered mail or delivered personally to the address noted above. If the protest is hand-delivered, a receipt must be requested.
- b. The protest shall include the name, address, telephone and facsimile numbers of the party protesting or their representative.
- c. The title of the solicitation document under which the protest is submitted shall be included.
- d. A detailed description of the specific legal and factual grounds of protest and any supporting documentation shall be included.
- d. The specific ruling or relief requested must be stated.

The Court's Executive Officer, on behalf of the Court may, at its discretion, make a decision regarding the protest without requesting further information or documents from the protestor. Therefore, the initial protest submittal must include all grounds for the protest and all evidence available at the time the protest is submitted. If the protestor later raises new grounds or evidence that was not included in the initial protest but which could have been raised at that time, the Court will not consider such new grounds or new evidence. The decision of the Court Executive Officer shall constitute the Court's final action and decision.

2.16.5 Determination of Protest Submitted Prior to Submission of Proposal

Upon receipt of a timely and proper protest based on allegedly restrictive or defective specifications or other improprieties in the solicitation process that are apparent, or should have been reasonably discovered prior to the submission of a proposal, the Court will provide a written determination to the protestor prior to the Proposal Closing Time. If required, the Court may extend the Proposal Closing Time to allow for a reasonable time to review the protest. If the protesting party elects to appeal the decision, the protesting party will follow the appeals process outlined below and the Court, at its sole discretion, may elect to withhold the contract award until the protest is resolved or denied or proceed with the award and implementation of the contract.

2.16.6 Determination of Protest Submitted After Submission of Proposal

Upon receipt of a timely and proper protest, the Court will investigate the protest and will provide a written response to the vendor within a reasonable time. If the Court requires additional time to review the protest and is not able to provide a response within ten (10) business days, the Court will notify the vendor. If the protesting party elects to appeal the

decision, the protesting party will follow the appeals process outlined below and the Court, at its sole discretion, may elect to withhold the contract award until the protest is resolved or denied or proceed with the award and implementation of the contract.

2.16.7 Appeals Process

The Contracting Officer's decision shall be considered the final action by the Court unless the protesting party thereafter seeks an appeal of the decision by filing a request for appeal with the Court Executive Officer noted in Section 2.2 within five (5) calendar days of the issuance of the Contracting Officer's decision.

The justification for appeal is limited to:

- a. Facts and/or information related to the protest, as previously submitted, that were not available at the time the protest was originally submitted; or
- b. The Contracting Officer's decision contained errors of fact, and that such errors of fact were significant and material factors in the Contracting Officer's decision; or
- c. The decision of the Contracting Officer was in error of law or regulation.

The request for appeal shall include:

- a. The name, address telephone and facsimile numbers of the vendor filing the appeal or their representative;
- b. A copy of the Contracting Officer's decision;
- c. The legal and factual basis for the appeal; and
- d. The ruling or relief requested. Issues that could have been raised earlier will not be considered on appeal.

Upon receipt of a request for appeal, the Court Executive Officer will review the request and the decision of the Contracting Officer and shall issue a final determination. The decision of the Court Executive Officer shall constitute the Court's final action.

2.16.8 Protest Remedies

If the protest is upheld, the Court will consider all circumstances surrounding the procurement in its decision for a fair and reasonable remedy, including the seriousness of the procurement deficiency, the degree of prejudice to the protesting party or to the integrity of the competitive procurement system, the good faith efforts of the parties, the extent of performance, the cost to the Court, the urgency of the procurement, and the impact of the recommendation(s). The Court may recommend any combination of the following remedies:

- a. Terminate the contract for convenience;
- b. Re-compete the contract;
- c. Issue a new solicitation;
- d. Refrain from exercising options to extend the term under the contract, if applicable;

Fixe

The Fixe (FXE-DCM) is an elegant and complete control system that fits in a standard single gang back box.

Fixe offers intuitive control of virtually any display system with a remote control, be it a video projector, plasma screen, or LCD monitor. Controls power, volume, and switches between up to 8 inputs.

A single Fixe can be used to control two or more display devices with the FXE-PRO (sold separately).

The Fixe is a perfect fit for AV installations with transient users. It eliminates the confusion caused by wandering remotes, dead batteries, and complex projector control interfaces. An untrained user can use the Fixe to control any display device with confidence and ease.

The backlit user interface is available in a choice of LED colors, and Fixe comes with different colors of interface for easy identification.

Modular button inserts guarantee that the Fixe is compatible with any available remote control.

Setup is a snap with IR learning, no programming necessary.

One Fixe can download a completed configuration from any other in mere seconds without the need for any wired connection. Just hold two units face to face.

All Fixe at the lowest cost of any AV control device on the market.

- Audio Mixer with Output Level Indicators

Four of the RU-MX5 inputs can accept either mic or line signals. The fifth input is for line-level sources. Mic inputs are designed for low-impedance balanced microphones through high-impedance unbalanced microphones can be connected as well. A rear-panel jumper can selectively connect an internally-provided 24 Vdc phantom voltage to any or all of the mic inputs.
